START DIVING THE WORLD IN 3 SIMPLE STEPS.

eLearning Course

Start your Open Water Scuba Diver course and master all the important academic information online. You can complete this phase through self-study, at your own pace. All eLearning courses work on mobile devices too.

Time commitment: 5-10 hours

Pool Training

The next step will be to complete your in-water skill-development training. This takes place in a swimming pool or similar body of confined water, under the supervision of an Instructor.

**Time commitment: 4-8 hours
Typically, over 2 weekends.**

Open Water Dives

The final step is to complete the required open-water training dives under the supervision of your Instructor.

**Time commitment: 4-8 hours
Typically, over 2 weekends.**

**Prerequisites: Able to swim; medically fit for diving, Minimum age: 10 years or older
Depth: expect shallow dives (12m/40ft), the maximum allowed depth is 18m/60ft**

The Process:

1. Purchase your open water eLearning code by calling in or through our website.
2. Schedule your orientation which includes getting fitted for your personal gear and filling out the course forms including the medical questionnaire and waiver forms.
3. After completing your eLearning or schedule ahead and call us to let us know which pool day you can join us on by visiting the calendar on our website. We will run pool sessions 1 and 2 the first half of our pool time and pool sessions 3, 4, 5 during the second half of our pool time. Typically, each pool session is an hour.
4. The morning of your first pool session you will have in person classroom at 9am to complete a quick review quiz, have an opportunity to discuss any questions with your instructor, and practice gear assembly. After a lunch break, we will meet you at the pool.
5. After you have completed a few pool sessions you can begin your checkout dives with us at one of our local quarries, discuss with your instructor which check out dives you can do. It important to note you must have pool session 1 and 2 complete before being able to do your open water check out dive 1.
6. After you have completed all your check out dives and met the requirements of the course you are Certified!

We sure to ask about Nitrox, Wreck and Deep diving if they interest you!
